3 slaapkamer Landhuis Te koop in Mijas Costa, Málaga

950.000€

Alexandras Dream is an exclusive residential development that represents much more than a place to live. Located in the pine-covered hills of El Chaparral, in Mijas, this boutique enclave of only 22 contemporary three-bedroom townhouses captures the essence of the modern Mediterranean lifestyle. Clean architectural lines, refined materials and carefully thought-out distributions create homes where comfort, design and lifestyle align naturally.

Surrounded by lush vegetation and refreshed by sea breezes, Alexandras Dream offers a peaceful natural environment with a strong connection to the light and landscape. The low-density design enhances privacy and exclusivity, creating an intimate community where space and serenity coexist in harmony. Each house opens to private gardens and large terraces, providing ideal outdoor spaces to eat, relax and enjoy all year round.

The interiors are designed around space, light and fluidity. The large floor-to-ceiling windows allow natural light to flood the house, while the open concept living areas connect the kitchen, dining room and living room in a single balanced space. The kitchen is the social heart of the home, equipped with custom carpentry and high quality materials that combine daily functionality with contemporary elegance.

The master suite offers a private shelter with dressing room, en suite bathroom and its own terrace framed by glass railings. Two additional double bedrooms with fitted wardrobes provide comfortable accommodation for family members or guests. Each house is crowned by a rooftop solarium, which offers panoramic views and the option of incorporating a plunge pool for an elevated outdoor experience.

A versatile basement level allows owners to create a movie theatre, gym, office or leisure space. Residents also enjoy resort-style community facilities including gym, sauna, jacuzzi, landscaped gardens, swimming pools and a safe
