Renovation Opportunity with Garden and Pool Potential in Monóvar This property in Monóvar offers a fantastic opportunity for anyone looking for a renovation project with real flexibility and long-term value. With generous interior space, it is ideal for creating a large family home or developing multiple living units. The current building includes 12 rooms and 2 bathrooms, providing a solid starting point for a complete redesign. One of the most attractive possibilities is to convert the layout into two apartments per floor, with an estimated size of around 75–80 m² per level, making it a great option for rental income or multi-family living. Outside, the property also benefits from a private patio and a garden area, offering space to relax, entertain, or create a pleasant communal outdoor setting. There is also the potential to renovate or add a swimming pool, and the courtyard could allow for parking spaces or garage development, depending on the project plans. This is a home with plenty of room to bring your own ideas to life, whether for personal use or as an investment.
