

4 slaapkamer Villa Te koop in Golf Santa Maria, Málaga

990.000€

Calanova Homes is a contemporary residential development located in the established Calanova area of the Costa del Sol, offering a peaceful setting surrounded by natural landscapes while remaining close to the coast. Positioned with convenient access to the AP-7 motorway, the community provides direct connections to Marbella, Fuengirola and Málaga Airport, allowing residents to enjoy both tranquillity and accessibility within one of the region's most desirable residential locations.

The development has been designed for buyers seeking modern homes with generous space, natural light and practical layouts. Each property at Calanova Homes features four bedrooms along with an additional flexible room that can be adapted as a home office, gym, cinema room or leisure space. The architecture focuses on open living areas that connect seamlessly with terraces and outdoor spaces, creating comfortable homes suited to year-round Mediterranean living.

Interior finishes prioritise quality and durability. Large-format porcelain flooring extends across living areas, terraces and solariums, reinforcing the connection between indoor and outdoor spaces, while laminate wood flooring upstairs adds warmth to the bedrooms. Bathrooms include electric underfloor heating and contemporary fittings designed to combine practicality with comfort.

Kitchens are fully fitted with modern cabinetry, porcelain worktops and integrated Bosch appliances, including induction hob, oven, microwave, extractor hood, fridge-freezer and dishwasher. LED lighting and clean architectural lines create functional spaces suited to everyday living and entertaining. Separate laundry rooms add further convenience and practicality to each home.
