Charming South-Facing Townhouse in Sucina – Walking Distance to the Village Centre

This cosy townhouse, attached on both sides, is a charming bungalow-style property offering comfort, natural light, and excellent outdoor space.

The house features a small raised front terrace, perfect for enjoying the sunshine. From here, you enter directly into a bright and spacious living room, filled with natural light thanks to its desirable south-facing orientation. The open-plan kitchen connects seamlessly with the living area, creating a practical and welcoming space.

The property offers two bedrooms, both with built-in wardrobes, and one family bathroom.

From the kitchen, you have access to a private interior patio. This patio leads to a large solarium that covers the entire footprint of the property — an ideal space for sunbathing, entertaining, or creating your own outdoor chill-out area.

One of the standout features of this home is its exceptionally large underground garage. The space is very generous and also includes an additional room with a window, offering great potential as a guest room, office, gym, or storage area.

The property would benefit from a light renovation and needs to be fully furnished, giving the new owner the opportunity to personalise it and add value.
