

Landhuis Te koop in Casas de Don Pedro, Badajoz

68.500€

A country cottage approached by a driveway lined with rose trees in a very beautiful location in a protected area, with good access 8km outside the village of Casas de Don Pedro, 40 minutes from Don Benito. Shaded vine covered front veranda, living room, two bedrooms, kitchen and bathroom; perfectly habitable now but would benefit from a very small amount of amount of modernisation. The house has 1,850 sq m of land (nearly half an acre) with lots of roses, fig trees and quince trees as well as stone dining tables and two storage sheds. Excellent value for money.
