This plot has an ideal location for those who love the peace and quiet but still like to be at a short distance from all facilities. It is located in the quiet urbanisation of Pinosol, which is next to the Granadella nature reserve. It is only 5 minutes drive to the beach, supermarkets, schools etc. At walking distance there are several restaurants and at 2 minutes walk you are at the Pinosol park with playground and barbecue area. Because there are no rear neighbours, you can enjoy a beautiful view over the valley to Benitatchell, as well as a view of the Montgó. If a house with 2 floors is built, there is also sea view from the second floor.
