Immaculately kept 1930s town house with huge patio and large roof terrace with roof top and mountain views. Enter the gorgeous, original front door into a tiled interior then through another lovely glazed door into a big open area with fireplace at one end and the stairs at the other. A smaller living room is on the left and an open plan lounge to the left of the working fireplace. Doors lead off to the kitchen, dining area with patio access, a downstairs double en suite bedroom and a utility room. The large fitted kitchen also has an open fireplace which has been boarded up and access to the dining area. There is a large double bedroom with built in wardrobe and modern en suite. Upstairs there are three great sized double rooms, a smaller double and a bathroom with access to the roof terrace off a big landing and winding stairs up the attic which could easily make four more en suites rooms.
