58.900€

This central location property is on a generous plot of 123 square meters very close to all places of interest such as bars, restaurants, hotels, churches and museums in the town of Lucena, in the Cordoba province of Andalucia, Spain. Lucena is the second most important town in the province after its capital, it has a rich history and a privileged geographical location. This house is in need of complete renovation, but its location and the size of its plot offer great potential. Well worth a visit.
