On a prime location, on the outskirts of San Miguel de Salinas near Villamartin. The elevated position means that virtually every property was guaranteed a lovely view, either of the salt lakes, the sea, open countryside, or in many cases all three. The original section of the development was built to a Moorish design with arches on the terraces and domes on the roof solariums. Over the years, due to the design of the build, many of these properties have been extended and terraces glazed in. There are very large villas which on average occupy either a 400 or 600m² plot, to the rows of terraces houses which gradually step down the side of the hill, all enjoying wonderful views of the salt lakes. There are properties to suit every budget. Blue Lagoon is a truly multinational Community. Predominantly made up of English, Spanish, German, Dutch, Swedish, Irish, Swiss and Norwegian. Only 7 minutes to the nearest beaches at La Zenia and Campoamor and 5 minutes' drive to the golf courses at Villamartin, Campoamor, Las Ramblas and the new Las Colinas. Blue Lagoon is also the home to El Limonar International School, Marimba Blue, a new pool bar and restaurant complex and the brand new Greenlands mini golf complex.
