5 Bedroom 2 bathroom town house with massive potential. Some modernization is needed at the back of the house to bring it up to date, but if you're looking for outdoor space this is the house for you, it has a patio and a garden with space for a swimming pool. Entering the house we have a short hallway leading to a large lounge that opens up to the patio, next to the lounge there is a large bedroom area with a window to the street.

Moving out of the lounge there is a dining area that leads to the kitchen both with windows that open towards the patio. Outside is a large patio that leads to the garden, before that is a room with a chimney and sink that could be converted into a bar or barbecue area, there's also another area that needs renovating that could be easily converted into a guest house with en suite, or just storage. Upstairs there are 3 bedrooms and a bathroom and a room perfect for a closet or small bathroom, a great large house needing updating to your taste.
