Ipanema offers a selection of ground floor, first and second floor apartments, and penthouses with a choice of two and three bedrooms. Design and detailing are impeccable. The wrap-around terraces of the penthouses are particularly impressive, as they offer full 360° views of the surroundings, and provide the space for a truly inspiring lifestyle setting complete with outdoor lounging and dining areas. It's the ultimate in lifestyle. Quality of build, materials and design define the pure design philosophy in concept and execution, so you will find your home at Ipanema solidly constructed, beautiful and functional.

The apartments are laid out in attractive low-rise blocks in which skilled architectural styling and build quality stand out. Each is orientated and positioned slightly differently, with sufficient space and lots of greenery in-between to create a sense of cohesion yet also an identity and privacy. A terraced effect on split levels adds to this feeling and allows different blocks to enjoy a variety of views that can take in the nearby Mediterranean Sea, the fairways of the Calanova Golf Club and the surrounding countryside.
