

5 soverom Rekkehus til salgs i Benameji, Córdoba

65.000€

This deceptively large 5 Bedroom town house is located in the pretty village of El Tejar close to amenities and a short drive from the larger town of Benameji, in the Cordoba province of Andalucia, Spain. Downstairs you will find the lounge which leads into a dining area with a door leading to a small balcony with views of the countryside beyond. A further downstairs reception room leads to a good sized fitted kitchen with open fireplace. There is a downstairs bedroom and a large wet room style bathroom. Upstairs there are four bedrooms. Outside there is a pretty courtyard area with separate street access where you can make the most of the beautiful Andalucian sunshine. This leads to a good sized storage area which leads to another outside area currently being used to house animals but could easily be changed to provide further outdoor space.
