

3 soverom Leilighet til salgs i Aguilas, Murcia

341.000€

Newly built apartments with sea and mountain views. These apartments are designed in such a way that they fully integrate with the natural environment in which they are located. Thanks to their elevated position, the houses are designed to make optimal use of natural light and enjoy spectacular views of the Mediterranean Sea from their large terraces.

The materials used, the design of the mountain and the large amount of vegetation ensure perfect harmony between the houses and the natural environment in which they are located.

2 and 3 bedroom apartments and penthouses with spacious and very bright spaces, as well as spectacular terraces from which you can enjoy beautiful views with their glass balustrades.

Each of the houses has perfectly distributed interior spaces that blend into the environment in which they are located.

The kitchens are equipped with upper and lower cabinets, eye-gloss doors, compact quartz worktop with sink and mixer taps. The kitchens are also equipped with the built-in appliances below.

Ceramic cooker

Electric oven

Extractor hood

Microwave
