Bar Pasillo Ronda is a business opportunity right in the heart of Historic Ronda on a pedestrian street just off the main Calle Espinal. The bar is fully kitted out with everything you could need and finished in a traditional rustic style, with a fully fitted commercial kitchen and 2 different store rooms, there are a couple of nice features too, a water fall wall and a moulded plaster ceiling feature. In good weather there is room for an ample terrace. A new licence would be required to start up the bar again but with the right hard working owners it could be a great booming business, catering for the ever growing tourist market and locals alike. You have approximately 180 meters of space and possibility to seat over 100 customers at tables, the current Bar Pasillo Ronda owners have also used it for celebrations such as communions, weddings, and birthday parties. Possibility to rent the premisses with a guarantor and deposit exists. Lot Area: 180 Sq. M Bathrooms: 2
