

4 soverom Herregård til salgs i Iznajar, Córdoba

99.950€

Situated in the village of Fuente Del Conde close to Iznajar in the Cordoba province of Andalucia, Spain. This 205m² build detached, Cortijo property sits within a plot of over 700m² surrounded by spectacular views from every angle and just a moments walk to the fuente del conde a natural spring. The property has mains water and mains electricity and is in need of some work to return it to its original beautiful state. The double gates lead in to a front courtyard which is perfect for entertaining with a summer kitchen and alfresco dining area which is partially covered and has access to an outside bathroom. The property continues with the first part opening to a central hallway and two double bedrooms making this ideal as a guest suite. across the courtyard a second entrance opens to the main house with a cosy lounge with central log burning stove that continues to a good size kitchen diner with plenty of storage space then on to a ground floor double bedroom and ensuite shower room. On the first floor is where the work needs to be completed although the roof has been strengthened the floors require finishing but with this work done this could easily make two or three more bedrooms if required or even a second living room as this space opens to a second large patio area which wraps around the property with established planting and has endless possibilities.
