

Land til salgs i Capdepera, Mallorca

215.000€

Urban plot situated in one of the main streets of Capdepera, just 5 minutes walking to the well-known square of the east, where the weekly market and leisure center of the village is celebrated. The lot, with access from 2 streets, is mostly flat. From the back, at the street level, you can see clear views of the rooftops of the village, the castle, the village of Cala Ratjada and the sea. The plot has a project of works with license, for the construction of 2 houses with garage in ground floor and 2 floors. We are also builders! if you need advice for the construction in this lot, we can help you in the formalities for the construction.
