The resorts commercial centre offers a wide selection of daily necessities and restaurants, as well as a 5 star hotel with spa facilities, and a fantastic Clubhouse with various sports facilities.

The project offers villas built on plots between 465m²-510m², in a choice of two models: villas on one level with 3 bedrooms and 2 bathrooms and a spacious basement/garage; and villas on two levels plus a basement/garage with 3 bedrooms and 3 bathrooms.

Both villas present an open plan lounge, dining area and kitchen, opening onto a spacious terrace, pool area with chill-out zone, and garden. The master bedrooms have a private bathroom and walk-in closet. The basements are divided into a garage for up to two cars, and a bright multipurpose space.

The project offers an exceptional location and a unique design. All the villas include fully installed ducted A/C, underfloor heating throughout the villa, Smart Home system, finished basement with garage, landscaped garden with BBQ area, and infinity pool with chill-out zone.

In the neighbouring towns of Algorfa, Quesada, and Benijofar, there is a wider variety of services, and even an international school. The fabulous beaches of Guardamar are only 10 minutes away by car.
