

3 soverom Leilighet til salgs i Los Arqueros, Málaga

375.000€

Unique residential development under construction and due completion July 2018, created in accordance with the criteria of sustainability, ecology and bioclimatic architecture. The buildings constructed on different ground levels optimize the views and provide an exceptional panorama of the surrounding area, including the golf course, mountains and Mediterranean Sea. The garden areas are a major part of the design, respecting the variety of species and indigenous trees in the area, with vertical gardens and green corridors that link each of the phases and envelop the residential buildings within a unique natural environment.

The development comprises 92 bright and spacious 3 bedroom apartments and penthouses, with incredible large terraces, all south facing. The 4 storey buildings are crowned by spacious penthouses with a modern design and spectacular solariums from which you can enjoy the views all day long from dawn to dusk. These homes have been designed with spacious rooms, exceeding the current market standards. The modern distribution integrates the kitchen with the living room and terrace. Private garage space and storage room included in the price.

These homes are delivered fully equipped with high quality modern finishes. Highlights include cream coloured marble throughout, large tiles in the bathrooms, wide patio doors to the terrace, top of the range kitchen appliances and sanitary fittings, LED lighting, air conditioning and heated flooring in bathrooms, all as standard. Created in accordance with the criteria of sustainability and environmentally friendly architecture. These homes have minimal energy consumption and protect the environment by using solar panels, high quality thermal insulation and sound-proofing and hold a B energy certificate.
