VALLE design

The houses that we carry out have a high-class construction, through the use of top quality materials.

HOUSE QUALITY WARRANTY

The construction system of the houses is by means of reinforced concrete structure. The foundation has a waterproof sheet as a moisture barrier.

The exterior walls have sufficient insulation to guarantee a high energy rating.

All exterior walls can be changed at the client's choice, that is, the decision of the client can be adapted to the client's needs.

On the cover waterproof sheet is placed to ensure its optimum resistance to rain.

The interior finishes of flooring and walls are of high quality, being able to choose between a wide variety of options for the client.

All our houses have an installation of air conditioning ducts, pre-installation of gas heating and water supply for the kitchen.

The exterior carpentry is made of PVC and double glass to ensure adequate security and energy of the house.

The interior carpentry is coloured wood at the customer's choice.

If the client wishes, the pool construction of the house dimensions can be adapted.

The exterior orientation of the house adapts to the plot where it is located, performing the necessary measures for good sun and ventilation of it.

All our projects can be adapted to suit the client.

New Villa Off Plan, Style "Valle".

The price includes construction, project fees of senior architect + technical architect direction, building license from town hall, geotechnical studies and concrete tests.
