

2 soverom Leilighet til salgs i Estepona, Málaga

221.400€

The new residential complex consists of 1, 2 and 3 bedrooms in 8 low-rise buildings with a contemporary and attractive design based on modern straight lines. The southern orientation of the buildings has made it possible to design very bright homes that benefit from the daylight hours. The exceptional living rooms seem to extend toward the horizon and enhance the feeling of spaciousness and brightness. The design of the ground floor properties is outstanding as they have private gardens. The second-floor properties and the penthouses also have solariums; ideal places to enjoy the sun and the stunning Costa del Sol sunsets. All the homes feature a garage space, storage room and large terraces. This exclusive residential estate includes communal facilities: two pools with solarium, a gym and, gardens with native plants that convey the beauty of living in a unique location in Estepona.
