Country House, Partly Cave Dwelling

This typical Spanish home is partly a cave dwelling and is located just a few minutes' drive from Pinoso and within walking distance of the picturesque Encebras (Pinoso). Quietly situated in a small, easily accessible hamlet, it is surrounded by mountains, expansive vineyards, olive and almond groves, and a natural area perfect for endless walks.

Pinoso

Pinoso offers all daily amenities, including supermarkets, schools, a medical center, sports facilities, and a wide range of restaurants. Both Alicante and Murcia airports, as well as the beaches, are within an hour's drive. Encebras, with its cozy restaurant, is also close by.

Land

You enter the fenced property through an electrically operated gate. On the grounds, you'll find a carport for parking, a small storage area with a BBQ, and a slightly larger storage room, ideal for storing tools and equipment. Along the side of the house, there is access to a terrace on top of the house/cave section.

Comfort and Amenities

In front of the entrance, there is a large covered terrace, the perfect spot for enjoyable evenings with paella or tapas accompanied by a local wine. The property is connected to electricity, water, and sewage. Air conditioning and a fireplace are available. The windows have screens, and there is sufficient parking space on the property.
