

Land til salgs i Javea, Alicante

1.275.000€

These 3 adjacent plots are located in an exclusive zone a short distance from the beach. These are 3 adjacent building plots of 1000 m2 each that will only be sold together. The plots are located in a very new urbanisation with all the necessary infrastructure, including water and electricity connections, footpaths, drainage and lighting. The plots are fairly steep but guarantee beautiful views of the sea and surrounding hills. The sandy beach is just a 5-minute drive away.
