

2 soverom Leilighet til salgs i Torrevieja, Alicante

129.000€

Sun, pool, and no neighbors in front. No need for a car. No stress. No GPS. In two minutes you're doing your shopping at Mercadona. In three, you're at the bus station (not that you'll want to leave Torrevieja). And just a short walk away? The natural seawater pools — sun on your face, nothing to worry about. The apartment is in a building with a beautiful swimming pool, a tennis court if you feel like a game... And from your window, open views over it all. The buildings in front? Way in the distance. Want to be in the heart of everything, with peace and quality of life? This flat gives you that. And yes, it's available. But probably not for long.
