

## 5 soverom Villa til salgs i De Tavernes de la Valldigna, Valencia

450.000€

It is a house of 500m<sup>2</sup> approximately located 5 minutes from the Valencian coast. The house has 4 bedrooms, a loft, a large laundry room, two living rooms, a dining room, a garage, a cellar, and 4 bathrooms. I think it could be very interesting for a family who wants to live near the beach in a quiet town with all the comforts.
