

4 soverom Villa til salgs i Sax, Alicante

199.995€

This 4-bed, 2-bath finca sits in a prime location with stunning views and easy access via tarmac roads. Though it needs modernising and some TLC, it has great potential and is priced to sell.

Enter through a large conservatory—perfect year-round thanks to its sun-trapping warmth in winter and breezy openness in summer. Inside, a spacious lounge/diner with a log burner leads to a small, traditional kitchen, easily expandable by removing a wall. A separate summer kitchen with BBQ adds practicality.

The largest bedroom is off the lounge; the other three (2 doubles, 1 single used as storage) are accessed via a hallway, which also leads to the second bathroom near the pool. A small patio, extra storage, garden shed, and 2-car carport complete the layout.

The star feature is the generous pool area with a terrace and panoramic views. The plot includes olive trees, two veg gardens, and a walking track for exercise.
