Detached Village Apartment with Sea and Mountain Views – Mojácar Pueblo, Almeria

This spacious detached apartment is located in a quiet part of Mojácar Pueblo, just a short walk from the lift and village amenities, offering a peaceful lifestyle with everything close at hand. From the large roof terrace, you can enjoy 360° panoramic views of the Mediterranean Sea, the surrounding mountains, and the beautiful whitewashed village of Mojácar.

Inside, the property is much larger than it first appears. The entrance opens into a bright and spacious lounge with hot and cold air conditioning, leading to a separate dining room with a useful pantry/storage cupboard. The fitted kitchen connects to an outside patio with an additional storage room.

A hallway from the lounge features two sets of built-in wardrobes for extra storage. The property offers four bedrooms (two with fitted wardrobes) and two bathrooms. The master bedroom benefits from a balconette. The main family bathroom is complemented by a cloakroom with a small shower, which could be extended to create a larger second family bathroom or an en-suite for the master bedroom.

Outside, a side gate leads to the neighbour's property and beyond to the shared roof terrace, where each property has its own allocated space, washing line, and storage area. This home also comes with a parking space in the square behind the church and an additional shared under-house storage area nearby—ideal for bicycles or a scooter.

Features include: PVC double-glazed windows, PVC shutters, north-facing orientation, furnished interiors, garage space, storeroom, and stunning sea and mountain views.
