Discover a new way of living on the Costa del Sol with this exclusive development of 218 1 2- and 3-bedroom homes in the heart of Los Pacos, one of the most sought-after residential areas in Fuengirola. This new project has been designed with the concept of 'resort-style living' in mind, for those who want to enjoy a comfortable, relaxed lifestyle surrounded by amenities, in a peaceful, well-connected environment just a 5-minute drive from the beach.

The development enjoys a strategic location, with excellent road connections to the centre of Fuengirola, Malaga city, the international airport and the rest of the Costa del Sol. In addition, you will find all the services you need for your daily life in the immediate vicinity: schools, sports centres, supermarkets, restaurants, parks and public transport.

The homes are characterised by their contemporary and elegant design, with well-utilised spaces and high-quality materials. All are completely exterior, with large windows that fill the interiors with natural light and lead to spacious private terraces, some of which have the possibility of incorporating a private swimming pool, so you can enjoy the Mediterranean climate all year round.

Each home comes with a state-of-the-art air conditioning system, designed to offer energy efficiency and maximum thermal comfort throughout the year. In addition, the kitchens are furnished and fully equipped, with the possibility of customised improvements according to your tastes and needs. Some homes are designed to allow for the creation of flexible spaces thanks to optional movable partitions, thus allowing the living room and adjoining room to be joined together.

The communal areas have been designed for the enjoyment of the whole family, with a modern and sustainable design. These include:
