

4 soverom Villa til salgs i Puente Genil, Córdoba

230.000€

This detached property is accessed through a gated driveway which leads to the property and underground parking are which currently has room for around 4 cars if necessary, this space could also be converted to a separate living accommodation giving room for an income or just a growing family. A stairwell leads up to the main house which is set out over one floor offering 4 bedrooms a full family bathroom and separate utility room and a well fitted kitchen set off the large lounge diner with open fireplace. Back outside the patio wraps around the main house creating various private spaces with a second stairwell leading up to a wonderful private swimming pool and patio area and a further stairwell opening to a plot which with a little imagination could make a great vegetable garden or even an orchard. This property has a lot to offer including Solar panels to assist with electric and hot water this property has a lot to offer.
