

2 soverom Leilighet til salgs i Hacienda Riquelme Golf, Murcia

159.000€

We are thrilled to offer this rare two bedroom two bathroom end apartment on the stunning Hacienda Riquelme Golf Resort. The property is in a prime location, close to the El Cason clubhouse and supermarket. It is being sold furnished, with aircon in the lounge, gas central heating throughout, lift and stair access and allocated underground parking. The village of Sucina is a 5 minutes drive which offers an array of bars, restaurants and amenities. There is a bike path which would take 15 minutes to get to Sucina. This second floor apartment is like a top floor as it does not have another property above only the terrace of the penthouse. On entering the apartment there is an L shaped lounge diner with lots of light due to having three windows and large patio doors to the covered terrace which has views over the pool and golf. There is a galley kitchen with cupboards on both sides, this could easily be open planned to the lounge. The utility room has had a window installed to keep everything clean and ideal for storage. Opposite the kitchen is a family shower room which benefits from a window giving great ventilation. Both double bedrooms have fitted wardrobes and doors leading to their own private Juliet balconies. The master bedroom has an ensuite which also has a window. True two bathroom properties on Riquelme are very rare as they only built a few blocks with these types of apartments in them. Contact us to arrange to view this superb property.
