

2 soverom Villa til salgs i Torrevieja, Alicante

119.000€

This South-East facing 2-bedroom bungalow is located in the popular La Siesta area of Torrevieja, set down a quiet communal alley that provides a peaceful and private setting. The property features a sunny front garden/terrace with an enclosed porch area – ideal for relaxing or outdoor dining. Inside, the home offers a bright lounge, a good-sized separate kitchen with a skylight, 2 bedrooms, and a bathroom with a walk-in shower. Exterior stairs lead up to the private solarium, complete with a useful storage room. La Siesta is a well-established residential area with all essential services within walking distance, including cafés, restaurants, pharmacies and a small supermarket. The location also benefits from the new multipurpose park opened last year by the town hall, offering walking paths, sports zones, and open green spaces for year-round recreation. Torrevieja's beaches, the Habaneras shopping centre, and the Ozone leisure complex are only a short drive away. The property is sold mostly furnished, with white goods and air-conditioning included. With no community fees, only the yearly IBI, it represents excellent value in today's market and is ideal as a holiday home, full-time residence, or rental investment.
