BENJAMIN'S DREAM – ELEVATED LIVING AT ITS FINEST

Exclusive collection – Permanent Mediterranean sea views

Benjamin's Dream is an exclusive residential development of just 13 contemporary townhouses, ideally positioned on an elevated plot near Miraflores Golf in Calahonda, on the Costa del Sol.

This privileged location offers the perfect balance between privacy, tranquillity and proximity to everyday amenities, all within a natural setting enhanced by open sea views.

Each townhouse features 3 bedrooms and 2.5 bathrooms, with modern architecture designed to maximise natural light and panoramic views. Spacious living areas flow seamlessly onto generous terraces with sea views on every level, while the private rooftop solariums provide breathtaking 360° views over the Mediterranean coastline.

Some homes also benefit from private landscaped gardens, ideal for families or those who appreciate outdoor living.

The interiors are thoughtfully designed for contemporary living, combining open-plan layouts, clean lines and a strong connection between indoor and outdoor spaces. The kitchen sits at the heart of the home, perfectly suited for entertaining and everyday living.

A versatile lower level completes each property, offering the flexibility to create a private garage for two cars, a home cinema, gym, office or leisure area.

Residents can also enjoy a private communal swimming pool, surrounded by sun terraces, providing a peaceful and exclusive environment.

Ideally located between Marbella and Málaga, Benjamin's Dream offers easy access to beaches, restaurants, shopping and transport links, while maintaining a calm and prestigious residential atmosphere.

Benjamin's Dream is more than a home; it is a refined Mediterranean lifestyle.
