EXCLUSIVE PROJECT OF 14 URBAN PLOTS IN FINCA CORTESÍN WITH OPTION OF PERSONALISED VILLA, WITH PROJECTS DESIGNED BY THE ARCHITECTURE STUDIOS COLUBI GARCIA, HUETE AND VILLARROEL, WITH PANORAMIC VIEWS OF THE SEA AND GOLF

We present a unique set of 14 urban plots located in the heart of Finca Cortesín, one of the most prestigious and safe residential enclaves in Europe. An environment of natural beauty, absolute privacy and first-class services, designed for those who value luxury with discretion and want to invest in a consolidated location and international projection.

The plots are located in an elevated area of the resort, strategically oriented to enjoy stunning open views of the Mediterranean Sea or a serene inland lake, always marked by the undulating landscape of the Costa del Sol. Light, silence and integration with native vegetation, make each plot a unique place to project an author's villa. It is an excellent opportunity for both investors and end customers looking to build a unique home in an incomparable setting.

The resort offers an unparalleled lifestyle, with reference services such as the Hotel Finca Cortesín 5 Gran Lujo *, the Finca Cortesín Golf Club with its Championship Course - headquarters of the Solheim Cup 2023 -, the exclusive Beach Club, spa and gourmet restaurants. Added to all this is the next Lanserhof at Finca Cortesín, a health and longevity clinic of international reference that will provide a differential value to the resort and its positioning in the European luxury market.

In addition, we offer the possibility of acquiring the plot together with one of the three projects of single-family villas, designed by architectural studios of recognised prestige: Villarreal, Huete and Colubi Arquitectos. Each proposal
