Cuevas de La Luz in Galera

Cuevas de La Luz is a gorgeous, rambling pair of impeccably finished, interconnected cave houses, each with spacious front patios and views. The property is situated in the heights of Galera, a beautiful village, popular for holidays or fulltime living. The house on the right has been the primary residence. The house on the left is a successful holiday rental with a tourist license.

The property has an entrance foyer, dining room, living room, 2 kitchens, 5 bedrooms (4 double, 1 single), 4 bathrooms (2 full ensuite bathrooms, 2 toilet + sink, one shower room).

The patios have delightful sitting areas with sun and shade. One of the patios is fully gated and has a jacuzzi. The other has space to park two cars. You can also park on the street. There are views of the village and mountains beyond.

The property is a 10-minute walk to the village centre with restaurants, bars and shops and a summer swimming pool. Access is very good.

Interior of the house

You enter the main residence from the open patio on the right. There is a large, welcoming entrance foyer. To the right, stairs take you upstairs to a small bedroom. Below the stairs is a toilet with sink that leads to the blue bedroom, with its tiled shower that is connected back & forth to the white bedroom.
