

2 soverom Leilighet til salgs i Manilva, Málaga

372.500€

Blues and violets, oranges and pinks intertwine to paint an idyllic horizon over the Mediterranean.

It is under these views that this new housing project is born, located in an exclusive residential complex designed for you to enjoy a privileged environment.

This residential complex consists of a 4-storey building with large windows and open spaces for the full enjoyment of the climate and the much-admired outdoor coastal lifestyle.

The properties range from ground floor apartments with gardens for private use to penthouses that include a solarium and individual swimming pool. All owners can enjoy privileged sea views from their residences.

The beauty is also on the outside. The outdoor communal areas are extensively decorated with native plants and flowers that give the community great beauty and naturalness.

These open spaces give the whole a sense of serenity and calm, crowned by a refreshing communal swimming pool.

All the properties have underground parking spaces with pre-installation for electric charging and access from the outside with an automated door. In addition, there is a storage room separate from the properties.
