

3 bedroom Villa for sale in Benijófar, Alicante

289,900€

The Villas Pears are a totally new concept of villas in Spain but without losing that very Mediterranean style that has become a trademark for Medhouses' villas.

These impressive homes come in a 2 and 3 bedroom option with 2 large bedrooms on the ground floor and a large private master on the first floor with en-suite bathroom and private access on to the roof patio (3 bed option).

Each property has the option of having their own private pool and come with a beautifully landscaped garden which aims at offering low maintenance upkeep. Together with private offroad parking, these villas will be the joy of anyone who decides to invest in the perfect Spanish home.

One of its most unique features is the large overhang of its specifically designed roof, allowing for shady dining areas just outside the living room as well as a sheltered area for patio furniture. This detail makes for a very original design that you won't find anywhere else and which will make them stand out for many years to come.

Villas Pears are located right next to Benijófar town centre, so all amenities are a short walk away and if it's the beach you're looking for, Guardamar is just a short 10 minute drive away with some of the most spectacular white sandy beaches on the Costa Blanca.

Both Alicante city centre and the airport are just under 30 minutes drive away so you are spoilt for entertainment, culture and amazing local cuisine.
