For Sale in the heart of Gaucin Village - Serrania de Ronda

TWO INDIVIDUAL HOUSES ~ ABUNDANCE OF CHARACTER & LOTS OF POTENTIAL

UNLOCK THE POTENTIAL ~ two individual houses brimming with traditional Andalusian character and charm - lots of possibilities, including adding a plunge pool to the charming walled garden (subject to Building Licence). Situated on a generous plot, the properties are separated by a tranquil internal patio with a flourishing lemon tree, each house having its own private entrance from the street.

Along a picturesque tree-lined street, directly across from the parish Church of San Sebastian and a stone's throw from the historic Castle, this property enjoys an enviable location. Convenient on-street parking is nearby, and within a few minutes' walk, you'll discover an array of delightful small shops, inviting tapas bars and several high-quality restaurants.

The living space both in houses exudes a simple charm and retains much of the original layout. From the beamed ceilings to the coloured glass windows and terracotta floors, the houses give a true sense of Andalusian tradition and character.

In addition to the shady internal patio, perfect for alfresco dining, you'll find a walled garden plus two terraces with far-reaching views to the Mediterranean coastline and, on a clear day, the Rif mountains of Morocco; the majestic El Hacho mountain, and the ancient Castle of Eagles.
