

4 bedroom Villa for sale in Elviria, Málaga

1,500,000€

Finca built in the 60's on a plot of 6 000 square metres. A pretty rustic house that needs some refurbishment, it has four bedrooms, two bathrooms, private garage and pool. It would make a wonderful investment opportunity, either this property could be reformed as a wonderful family home, or rebuilt as a modern villa. Alternatively as it has already been approved by the Marbella Town Hall, this could be a great investment to build up to 11 houses of 500m2.
