

2 bedroom Apartment for sale in Benidorm, Alicante

1,290,000€

3 last unique luxury apartments for sale on Poniente beach in Benidorm. Completely super luxury finished new build.

The complex occupies the last available plot on Benidorm's seafront. This luxury residential development, with unique design and qualities, consists of 39 2, 3 and 4 bedroom apartments spread over 20 floors. All apartments have large terraces and unbeatable views.

The development is located next to the historic Gran Hotel Delfín, in one of the most privileged enclaves on the Mediterranean: the first line of Benidorm's Poniente beach. With a spectacular design that creates an effect of great lightness, energy efficiency and sustainability.

The building does not stand on the edge of the sea, as most of the buildings in Benidorm do, but is set back to create a large planting platform that, together with the large infinity pool, manages to merge with the horizon, creating a large overflow space with the Mediterranean.

The design and construction is aimed at a fully sustainable lifestyle with maximum energy efficiency. As a result of all these efforts, the Delfin Tower has been awarded LEED Gold certification by the United States Green Building Council. It has a very high level of finish with careful selection of materials, an infinity pool with a surface area of 350m², raised above street level to enjoy uninterrupted views of the sea while achieving greater privacy. Owners also have access to a gym, paddle tennis court, heated swimming pool with social club on the 19th and 20th floors, garden of over 3000m².
