

1 bedroom Country House for sale in Cuevas del Campo, Granada

193,000€

A charming and robust detached country house very close to Lake Negratín and the Cazorla Natural Park. Approximately 30,000 m² of land with 560 olive trees in production, 100 walnut trees. In the middle of the countryside with tarmac access. Electric and water connected.

This country house is a robust construction, built mainly with Oregon pine covered with stone exterior: 80 m² of house plus a 45m² spectacular wooden porch with open views over the countryside. In the project, priority was given to insulation and it is noticeable when entering the spacious living room with fireplace and kitchen with an American bar, brightly lit and with high ceilings, internally lined with exposed wood. It also has a pantry and a full bathroom with a shower on the ground floor. On the first floor, a cozy bedroom with sloping ceilings.

Another construction a few meters away, an 18 m² studio hut currently used as an office with air conditioning. In the beautiful square at its entrance, are a selection of fruit trees, there are currently 560 olive trees in production, 100 walnut trees, 2 holm oaks, 2 elms
