Town house loles castril

Large town house full of character in the center of the stunning village of Castril. This house was built in 1919 and is located on a narrow, winding, cobblestone street. The street has vehicle access for unloading only. The house is on 3 storeys with wide staircases, a large landing on each floor, and a courtyard at the back of the property.

On the ground floor is a spacious entrance hall with original tiles, a bedroom/office and bathroom. On the first floor, a landing leads to the dining room, kitchen and a bedroom. Another door leads to a second bedroom.

Further upstairs, a mezzanine leads to the courtyard. Across the courtyard is a quirky 2-storey studio that was built to be a private getaway. The lower level entrance to the studio has a washing machine and modern bathroom. The studio bedroom is upstairs and will need a stairway built to access it!

Leading up to the second floor is a beautiful oval window overlooking the courtyard. The 2nd floor has a very large front room with space to create two bedrooms or a large bedroom with dressing room and ensuite bath. This floor has an additional bedroom.

The staircase leading up to the 3rd floor has a ceiling of traditional wood beams. The 3rd floor is a charming attic with front windows overlooking Castril and with views of the Sierra de Castril mountains.

The property is sold furnished. It needs modernising and a proper kitchen but could be lived in right away should you wish to.
