

3 bedroom Townhouse for sale in Villamartin, Alicante

159,000€

MONTEGOLF Urbanization is a private complex of semi-detached single-family homes distributed over two floors. All neighbors share two beautiful community pools that can be enjoyed all year round.

The house has 3 bedrooms and 2 bathrooms, a large living room with an American kitchen and a glazed terrace right in front of the living room to enjoy the sun almost all day long. Two of the bedrooms with a bathroom are located on the ground floor and the third bedroom is upstairs with a bathroom.

The ground floor is accessed via an external staircase and the upper floor via an internal staircase.

There are several terraces and porch areas, both in front and behind the house.

The great added value, without a doubt, is the closed garage of about 60m² below the house. There are even neighbors who have converted their garage into living space.

The house is sold with all furniture and appliances.
