

4 bedroom Villa for sale in Finestrat, Alicante

639,000€

So sometimes we do not have blue skies in Alicante. Today I visited this three bedroom villa which is being finished and will be ready in 2-3 months. And it is just what so many clients are looking for.

A brand new three bedroom two bathroom modern villa with all the living space on one level , a private pool and garden, plus spacious roof top solarium of nearly 110 sq. Meters AND a basement measuring the full size of the property. The property will be handed over with the basement perfectly habitable with a bathroom and laundry room included in the price, and then the remaining space a blank canvas for an additional one or two bedrooms, a lounge area, or even a gym or family cinema room.

The property is located within a gated secure development called Campana Bay, a few minutes from the Finestrat Centro Comercial La Marina, and five to ten minutes drive from the beaches of La Cala and Playa Poniente in Benidorm.

In short, a modern style villa, ready in approximately 8 weeks, with a total build of 304 sq. Meters construction on a private plot of 395 sq. Meters with a pool. Ready in April - May 2024.

Do not delay as this will be sold quickly, contact Barry @ Ultimate Homes on +34 657 960480 for further details.[IW]
