

6 bedroom Townhouse for sale in Pruna, Sevilla

180,000€

Where to begin with this unexpectedly large and beautifully kept property located on one of the oldest streets in the village of Pruna? Historically this home was a travellers posada, but in more recent times has been the much loved home to 3 generations and of the same family. Currently divided into two distinct homes the property comprises on the first floor a fully renovated 3 bedroom family home, a lounge with fire place and balcony, French doors, a spacious formal dining room, fitted kitchen, laundry room and enclosed terrace, family bathroom, lounge diner with included ceiling and 3 double bedrooms. But that's not all of it! An internal staircase leads down to ground floor level and the most amazing internal courtyard with vast beamed roof, stables and animal sheds to the rear. Around the patio there are toilet, bathroom and kitchen. There is a backdoor which enters into the well cared for ground floor, which is packed with original features of arched passage ways, San Juan entrance hall, original doors etc. Here you have 2 very large bedrooms, a formal reception area, a cosy lounge and access to the garage. The property is absolutely immaculate throughout and needs nothing doing although there are so many possibilities. It would lend itself to a B&B or holiday lets and separate owner accommodation. Or why not share it with friends and family? There's room in the patio to have a good sized plunge pool or indeed by demolishing part of the stable areas a full swimming pool.
