

4 bedroom Townhouse for sale in Las Casillas de Martos, Jaén

80,000€

A beautiful, spacious property located in Las Casillas, a charming lakeside town in the province of Jaen in Andalusia, Spain, surrounded by mountain views. As soon as you enter this property, you find yourself in a spacious hall with two large rooms on either side. At the end of the hall, there is a large open hallway, giving access to the back of the property, the garden upstairs and another generous-sized room off to the left. Towards the back of the property, there is a large, bright converted conservatory area with a storage/laundry room off the right, followed by a spacious kitchen with views into the back garden. To the left of the conservatory are the bathroom and the entrance into the garden. The garden is made up of two levels. The first is a clear square patio at the bottom, followed by, up a couple of steps, a slightly unlevelled patio containing an animal space and some gorgeous fruit trees. In the garden, there is access to two large rooms separate from the house, these could be great for anything, be it storage or taking them down and easily doubling the size of your outside space. Heading back into the property and up onto the first floor, we have two bedrooms with separate entrances, the first being a good-sized guest room, but with plenty of storage space. The second is a grandiose master bedroom that needs finishing off but has amazing potential, lots of light and space, and another room off the back of the bedroom that can easily be turned into an ensuite or a walk in closet.
