

2 bedroom Country House for sale in Pola de Somiedo, Asturias

58,000€

Finca in Somiedo

Finca for sale in Somiedo, which includes a small two bedroom apartment and some outbuildings to restore. The apartment measures around 80 sqm and is currently habitable. The outbuildings are around a further 168 sqm and non-habitable, they include a garage and a workshop, old barn etc. There's a small walled and gated garden of around 200 sqm with this property as well.

The garage and outbuildings border the main road so vehicle access is very good. This would make a sizeable property if restored and integrated with the currently habitable apartment. Or the accommodation could remain separate to create rural rental accommodation which is very desirable in this area within the Somiedo Natural Park.

In addition there are several parcels of rustic land for sale which amount to around 3000 sqm in total and are located close to the main building, but not adjacent to it.
