

3 bedroom Villa for sale in Busot, Alicante

525,000€

Our Modern Style Concept properties have been designed with care to suit the largest part of inquiries we received from our clients for residential properties on prime location with all services and facilities. We chose for singleness, clear lines and open concept in the living spaces. Modern technologies and quality finishing allow us to join large south-facing window screens that in the past would have been impossible. Similar design of Porcelanic tiles in interior and exterior with specific treatment to suit its purpose are just examples of our construction processes. Interior and exterior at exactly the same level for border-less access, creating space and luminosity. Incorporating en-suite bathrooms with glass separations as a clean and clear part of Modern design. Allowing privacy & hygiene with lots of light and with an impression of space and luxury. Creating our compound we thought of your various intentions for longer or shorter visits, with need of having private or no garden at all. Our villa's and garden offer a good spread of Home solutions within a reasonable budget, allowing the lifestyle that fits you..
