

3 bedroom Townhouse for sale in Manilva, Málaga

260,000€

Gorgeous independent house just of the main village center in Manilva village, close to all amenities and in an urbanisation with heated pool, but still within the mountains and with spectacular panoramic views. The house has had a very complete make over in the last months. All the basics have been covered and a lot of tiling has been done throughout, all walls have been treated and modernized and all new floors have been put in. Where is it? So you come down from the main entrance from the urbanisation MONTE VIÑAS, probably about 10 steps, and the house is on your left. There is a store room in the entrance and a large 60m² terrace. Then you have a veranda and another terrace with window. Walk inside the house into a hallway with on your left a first bathroom with walk-in shower. Then there is an open kitchen / living room with lovely grand fireplace. There is a separate dining area (all new) that walks out to the west-facing terrace with built-in barbecue. A couple of steps down another 40m² terrace and a separate third bedroom and an outside shower (built-in). Also here built-in laundry area. Lovely afternoon sun and mountain views. You go upstairs through a spiral staircase. On the first floor there are 2 bedrooms that share one bathroom, this bathroom is completely reformed and one bedroom has a large terrace. Up to the top floor there is a large roof terrace of about 30m² with views all around.
