

Country House for sale in Pinoso, Alicante

126,995€

A gem of a location in nature but close to town! This 2 bedroom lovingly renovated home is ready to move in. This little hidden gem is in the most sought after hillside area considered to be a national monument by many, with a few neighbours dotted around but not overlooked and with uninterrupted spectacular views over the affluent town of Pinoso. Surprisingly, this lovely home is just 2km of the town by car although there is a path to have a pleasant stroll in to the town too. Pinoso is a lovely place with lots going on, a plentiful selection of shops, restaurants and bars, supermarkets, schools, vet, sports centre, Doctors, Dentists, hairdressers, beauty salons... and much more. You know as you are approaching the destination that the location of this very well looked after property is pretty special. The winding lane leads to the gated driveway, securely fenced garden and patio area ideal for animals and children to play safely in. Surrounded by spectacular views and pine trees, the garden also has a lovely wooden pergola housing a 6 - 8 person heated spa tub included in the sale. As you enter the property there is a seating area and small kitchen area which brings the outside in. From here you enter the large lounge, fully fitted modern kitchen, diner with HUGE pellet burner that provides plenty of heat for the whole house although there are radiators to the 2 bright airy double bedrooms accessed via the hallway which also presents the large, beautifully decorated family shower room. In summary, a lovingly restored little gem with everything close by although nestled away in it's own private oasis with this beautiful neighbourhood celebrating their own traditional fiestas every year and a pretty little chapel too. The walking, hiking and bicycle trails are popular and when you visit you will see why!
