

3 bedroom Country House for sale in Alora, Málaga

399,000€

Every now and then, a property comes onto the market which just shouts 'buy me'! This beautiful country property has everything, an idyllic location in the mountains above Álora, immaculate accommodation, a great pool, endless terraces and views forever. Add to that 70,000 sqm of land with productive olives, figs, almonds, carob and nisperos and you really do have a little piece of heaven in Andalucia. The property has several different access routes, the shortest on a good mountain road, is around 15 minutes drive from Álora. The driveway down to the property is concreted all the way, so no problems with muddy tracks. The front of the house is protected by an arched terraced area, providing a lovely area to relax in the evenings and to the side is a large double garage, which also houses the equipment/machinery for the pool. When you enter the house, you step into a pretty entrance hall, open to the kitchen/ breakfast room. A fantastic space, fully equipped with built in appliances including a gas (Aga type) cooker, microwave, dishwasher, washing machine and refrigeration. On the opposite side of the hallway is a downstairs cloakroom, with shower. The hallway then opens up to a second dining area and the stairs to the second floor. This dining area would easily convert to a fourth bedroom if needed, with an en-suite bathroom. Then, through to the sitting room, with a high beamed ceiling, open fire and doors to a terrace with views across the mountains. Upstairs, there are three bedrooms, all with aircon and fitted wardrobes. The main bedroom has an en-suite full bathroom and French doors to another beautiful terrace area. The other two bedrooms share a fully tiled shower room. There is also a very useful walk in dressing room/storage area. Outside to the rear of the property we have a massive terraced area and the pool, a wonderful area for relaxing and entertaining with a raised Pagoda and plenty of space for sunbeds. The property also has a number of good workshop/storage areas. The land is typical of this mountain area, steep in places, with the abundant olive and other trees distributed in the flatter areas. The Property has a bore hole well, around 100metres deep, which provides water for the house, pool and irrigation. Electricity is connected as well as WiFi. The property is very private, yet not isolated, you have neighbours within walking distance. If you are looking the real Andalusian dream, this house is everything you could wish for. ref: APN17722
