85,000€

3 Cuevas Marta en Las Cucharetas

This is a large cave property in Las Cucharetas (Cortes de Baza), composed of 3 independent caves, each with its own entrance: a central cave house ready to move into and a partially renovated cave on each side of the central one. The property has a carport and a warehouse/workshop/garage. This property is ideal for a large family or an investment in holiday/tourist rentals in the beautiful, rural environment of the Altiplano of Granada.

The central cave is fully finished. It has an open-plan kitchen-living room with a fireplace, two small salons (one with a fireplace) and two full bathrooms (one with a bathtub and the other with a shower). There are 4 double bedrooms and, on the upper floor, a loft-type room, bright and versatile, perfect to adapt as a study or leisure area.

On either side of the main cave is an additional cave to be renovated (with 5 rooms each), with the potential to create independent homes, tourist accommodation or professional spaces. One has a front patio/parking spot, and a rustic laundry/storage room and a small covered barn.

Across the road, facing the main cave house, is the garage/warehouse and carport.

This unique property is connected to mains electricity, water and sewage. It is in a hamlet surrounded by nature and is perfect for those seeking tranquility and an opportunity for investment in the Granada Altiplano.
